The original proration unit for this well comprised the S/2 of Section 34, T25N-R5W. The original well (L-6) is located in SW/4, SW/4; however the entire SW/4 was removed from the Basin Dakota Pool and placed in the West Lindrith Gallup Dakota Pool (Order R-8106). The SE/4 of the original proration unit still remains in the Basin Dakota pool. Inasmuch as the infill well (L-6E) is no longer in the same pool as the initial well, we are required by N.M.O.C.D. regulations to rename the L-6E the L-12.
