Re: South Blanco State 32 #1 F-32-24N-7W

Gentlemen:

Our records indicate that prior to your selling the property where this well is located you successfully plugged this well. Our office has inspected the site and will approve the final plugging report. Unfortunately, the inspector who inspected this site left our employment soon after and we are unable to locate the original plugging report which you submitted for approval. We understand that due to the change in ownership the well records are no longer available to you. However, for administrative purposes we still need a document from Mesa that will close out the record for this well and relieve Mesa of responsibility. Please submit a Form C-103 without any detail requesting final approval of plugging and we will process it immediately.

Sincerely,

A handwritten signature in dark ink, appearing to read "Frank T. Chavez", written over a horizontal line.

Frank T. Chavez, District Supervisor
