Re: Florance #8a, #9A and #9, C-115 filing
(Ojito Gallup Dakota)

Per our records the Ojito Gallup Dakota is temporarily abandoned behind a retrievable bridge plug and we have received from El Paso Natural Gas a notice of disconnect for this zone on each of the above wells.

Since the time of temporary abandonment the #11 well was changed to the 8A and the #10 changed to the 9A to comply with numbering of infill wells. The status of these wells since the temporary abandonment should have shown "T" and since the time of disconnect should show "D", on your C-115 filing.

Submit a correction for page 18 of the C-115, for each month needed, to correct the well number and status.

If you have any questions, please call.

Sincerely,

Luanne
