If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and points performed (Survey work).)

RECEIVED
JUL 29 1994OIL CON. DIV.
DIST. 3

Cancel plans to completely plug this well. The Gallup will be plugged as originally planned and the Basin Fruitland Coal will be perforated and tested. If the coal is not commercial, the well will be plugged. It will not be possible to get partner approval for this procedure by the original plugging date of 8-1-94, so we request a 1 year extension of the plugging date.

14. I hereby certify that the foregoing is true and correct
