Albuquerque, New Mexico

Dear Mr. Hickman:

We are in receipt of a copy of Form 9-330, Federal Log of Oil or Gas Well, on your #2 well in Section 5-24N-3W, Rio Arriba County.

In order to maintain complete records on wells in San Juan Basin we must have all information pertinent to the well and in most cases our only source of information on Federal wells is this copy of the Federal log which is forwarded to us from the U.S.G.S.

Will you please supply us with Formation tops on the above well and include that information under "Formation Record" on any future forms filed?

Yours very truly
