17. (If the proposed or completed operations clearly state all pertinent details, and give pertinent dates, including estimated date of starting and proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Operator is requesting a change in the name of this well from the # 1 Melissa to the # 2 Ricky. This name change is required to satisfy State of New Mexico Order R-8768 whereby the State of New Mexico established the Basin-Fruitland Coal Pool. This order provides for 320 acre spacing. The acreage dedicated to this well now is being dedicated to the # 1 Ricky in the NW/4 of Sec. 18. and this well then becomes the second well in the dedicated acreage.

Simmons Engineering & Consulting Co. is the OPerator of record for the # 1 Ricky and the # 1 Melissa.

18. I hereby certify that the foregoing is true and correct
