Compliance for Final Abandon. ☒

(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work).*

In response to BLM letter dated January 30, 1986, the following work has been completed in order to bring Dugan Production's #1 Harvey well into compliance for final abandonment:

- 1.) A permanent monument has been cemented in the wellbore and labeled as specified in your letter.
- 2.) All fences, production equipment, purchaser's equipment, concrete slabs, deadmen (anchors), flowlines, risers, debris and trash has been removed from the location.
- 3.) Any oily soil or fluids have been buried or disposed of in an approved landfill.
- 4.) Pits have been filled in and the edges of the pads shaped to conform to the natural terrain.
- 5.) Pads have been leveled, dressed up by a maintainer, ripped & disked.
- 6.) Access roads have been leveled, ripped, waterbarred, disked and blocked off with earthen berms at the junction with the main road and at the entrance to the well pad.
- 7.) The pad and access road have been seeded with BLM Seed Mix #2.

This work has been completed & Dugan Production is notifying your office so that you can schedule an inspection. It is our belief that the location is now ready for final abandonment.

18. I hereby certify that the foregoing is true and correct
