Gentlemen:

Reference is made to your application for approval of a non-standard well location to be located 2080 feet from the south line and 790 feet from the west line of Section 31, Township 26 North, Range 6 West, Rio Arriba County, New Mexico.

It is our understanding that the request for such exception is based upon the extreme topographic conditions in this area.

By the authority granted me under the provisions of Rule 104, paragraph (f), you are hereby granted an exception to the normal spacing requirements for the above-described unorthodox well location.
