Gentlemen:

In reply to your letter of April 19, I take this means to inform you that it is our intention to plug and abandon the above well. Due to excessive water production, which we were unable to shut off, the well was disconnected from the El Paso Natural Gas Company line on June 9, 1959.

We will submit an intention to plug and abandon the above well and proceed with the operation when proper equipment is available in the area.

Yours very truly,

H. J. Brunt
