Tribal H #5, H-18-26N-4W

Gentlemen:

The acreage dedication plat on file for each of the above captioned wells shows an acreage dedication of 320 acres per well. As these wells are located in the Tapacito-Pictured Cliffs Pool the dedication should be a quarter section of 160 acres for each well. Will you please submit acreage dedication plats for both of the above wells in triplicate making the above correction?

Yours very truly,
