Mr. Emery C. Arnold
Supervisor District 3
N. M. Oil Conservation Commission
Aztec, New Mexico

Dear Mr. Arnold:

Thank you for your nice letter of September 24th. I am very sorry that the following deviation Survey was not submitted with Form C-104.

The deviation survey taken by the TOTCO Tool is:

2½	degrees	at	525
3	"	at	650
5	"	at	1876
3	"	at	2210.

Mr. Arnold this well was drilled to a depth of 2210 with rotary tools and from 2210 to 2781 with cable tools.

Thank you again for your kind consideration on this matter. Should you need any additional information on this well, I shall be more than happy to supply it.

Very truly yours,

Harold O'Connor
