New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Gentlemen:

Submitted herewith for administrative approval is "Application for Dual Completion" of our Borech Well Number PMB-8, recently completed Pictured Cliffs - Mesa Verde gas producer.

This well is located 865' from the north line and 1140' from the east line of section 11-24-7W, Rio Arriba County, New Mexico. It is presently shut in for pressure build up prior to making potential and initial packer leakage tests.

Yours very truly,

CASLINS OIL COMPANY
