Re: Dual Completion Application  
Breach Well No. PMD-224-A,  
Section 13-26N-7W.

Attention: Mr. Frank Gray

Gentlemen:

This is to inform you that the Commission cannot grant administrative approval to dually complete subject well.

After inspection of the sketch attached to the application the Commission cannot be certain the Baker packer at 5184 feet is positively separating the Greenhorn (Dakota) gas from Point Lookout (Mesa Verde) gas.

If you wish to have this application set for hearing please so advise at your earliest convenience.

Very truly yours,

E. J. Fischer  
Engineer
