Dear Sir:

The packer leakage test started July 1, 1961 on our Breech  
PMD-224 triple completion was interrupted by a break in the  
gas purchaser's field line.

The line has been repaired and we propose to start the test  
again at 10:00 AM July 8, 1961.

Yours very truly,

CAULKINS OIL COMPANY
