Re: MOBIL OIL COMPANY
Jicarilla "C" #1
SW $\frac{1}{4}$ Sec. 7 26N 3W

Dear Sir:

In your letter of May 24, 1961, Re: Mobil Oil #1 Jicarilla "C" SW $\frac{1}{4}$ Sec. 7 26N 3W, you requested an approximate plugging date for the subject well. The well has been disconnected from the gas sales line and the well-head has been plugged.

At the present, a pressure build-up survey is being performed on this well. A bottom-hole pressure survey was conducted in May, 1961, and will be taken periodically until stabilization has been reached. It is our opinion that this information will be of value in further developing our acreage.

I hope that this information will suffice and that permanent plugging will not be necessary. If further information is desired, please advise.

Very truly yours,

P. M. Barry
Dist. Prod. Supt.
