Re: Mobil Oil #2 Jicarilla "C"  
SW<sup>1</sup>/<sub>4</sub> Section 7-26N-3W

Dear Sir:

We have received two copies of Federal Miscellaneous Reports indicating your intention to temporarily abandon your #1 Jicarilla "C" well located in the SW<sup>1</sup>/<sub>4</sub> Section 7-26N-3W and transfer its allowable to your #2 "C" well, which is a Pictured Cliffs-Mesaverde dual completion located in the same quarter-section.

As soon as a gas connection notice is received on the Jicarilla "C" #2 we will issue a gas supplement from this office cancelling the allowable on the #1 well and transferring any accrued underage to the #2 well.

Will you please indicate the approximate date that you intend to permanently plug and abandon the #1 well as required by New Mexico Oil Conservation Commission Rules.

Yours very truly

Emery C. Arnold
