Re: Cancellation of Authority to
Dually Complete #8-8 "N" Well
SW $\frac{1}{4}$ Section 8-26N-4W

Dear Mr. Johnston:

We received your letter of April 9, 1957 stating that completion attempts in the Greenhorn Formation in the above well were unsuccessful and that it is your intention to squeeze off the Greenhorn perforations.

We are therefore voiding the approval which was granted to dually complete this well in the Greenhorn and Graneros-Dakota Formations.

Yours very truly

Dear Mr. Johnston:

We received your letter of April 9, 1937, stating that complete
authority in the Greenhorn formation in the above well was
unnecessary and that it is your intention to operate off the
Greenhorn formation.

We are therefore withholding the approval which was granted to daily
complete this well in the Greenhorn and Greenhorn-DeBaca formations.

Yours very truly
