MAGNOLIA PETROLEUM COMPANY

A SOCONY MOBIL COMPANY

New Mexico Oil Conservation Commission
120 East Chaco
Aztec, New Mexico

Gentlemen:

The Magnolia Chaney-Ted. #1 Well located in Section 8 , Rio Arriba Co., T26N, R2W, has been dually completed in the Fictured Cliffs and Mesaverde formations. This well was shut-in 1-7-57 . we plan to run the first half of the Packer Leakage Test on 1-15-57 . The second half of the Packer Leakage Test is planned for 1-23-57 . We intend to commence the test at 9:00 A.M. on each of the above dates.

If circumstances should occur that would interfere with running the test on the dates and time noted above you will be notified by telephone. If you have any questions concerning this, please contact Mr. W. W. Rutz, Box 1296, Phone No. DAVIS 5-9827, Farmington, New Mexico.

Yours very truly,

MAGNOLIA PETROLEUM COMPANY
