Mr. Emery C. Arnold  
Oil & Gas Inspector District #3  
Oil Conservation Commission  
Aztec, New Mexico

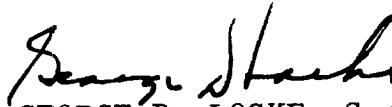

My dear Emery:

This is to advise you that well #4-17 MKL of this corporation is off production because of a cave-in and will not be returned to production until after work-over.

Accordingly, you should cancel the allowable for this well effective as of the date it went off the pipe line, or April 1, 1955, until such time as the well is worked over and restored to production.

Sincerely,

KING-LOC PETROLEUM COMPANY

GEORGE D. LOCKE, Secretary-Treasurer
