Dear Mr. Phillips:

We have received a copy of a Notice of Intention to Change Plans on your #4-6 "NW" well in the NE $\frac{1}{4}$  Section 6-26N-4W, along with a copy of Form C-128. On the Form C-128 you have indicated that you are dedicating the east half of Section 6, being 322.72 acres to this well.

This well is a wildcat in the Dakota formation and is therefore governed so far as acreage dedication is concerned by Order R-855 which is the latest revision of the general spacing rule. Your particular case would be covered by Paragraph B, Section 2. You will note that a wildcat well in Rio Arriba County must be located on a designated drilling tract of 160 surface contiguous acres, more or less, in the form of a square, which is a quarter-section.

Will you please re-file Form C-128 on this well correcting your acreage dedication. We are enclosing a copy of Order R-855. If we can be of service, please contact us.

Yours very truly

Mr. Ray Phillips, Assistant Manager  
Production Operations

Dear Mr. Phillips:

We have received a copy of a Notice of Intention to Change Plans on your 42-6 well in the NE 1/4 Section 6-28-4N, along with a copy of Form C-128. On the Form C-128 you have indicated that you are dedicating the east half of Section 6, being 328.72 acres to this well.

This well is a wildcat in the Dakota formation and is therefore governed solely as acreage dedication is concerned by Order 1-822 which is the latest revision of the general spacing rules. Your particular case would be covered by Paragraph 1, Section 2. You will note that a wildcat well in Rio Arriba County must be located on a designated drilling tract of 160 surface contiguous acres, more or less, in the form of a square, which is a quarter-section.

Will you please re-file Form C-128 on this well correcting your acreage dedication. We are enclosing a copy of Order 1-822. If we can be of service, please contact us.

Yours very truly
