MAGNOLIA PETROLEUM COMPANY

A SOCONY MOBIL COMPANY

New Mexico Oil Conservation Commission
120 East Chaco
Aztec, New Mexico

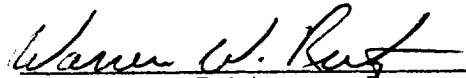

Gentlemen:

The Magnolia -Jicarilla "H" #2 located in Section 2 ,
T26N, R3W, has been dually completed in the Pictured Cliffs
and Mesaverde formations. This well was shut-in
12/1/56 . we plan to run the first half of the
Packer Leakage Test on 12/8/56 . The second half
of the Packer Leakage Test is planned for 12/15/56 .
We intend to commence the test at 9:30 A.M. on each of the
above dates.

If circumstances should occur that would interfere with running
the test on the dates and time noted above you will be notified
by telephone. If you have any questions concerning this, please
contact Mr. W. W. Rutz, Box 1296, Phone No. DAVIS 5-9827, Farm-
ington, New Mexico.

Yours very truly,

MAGNOLIA PETROLEUM COMPANY

For Lee E. Robinson, Jr.
