

THE APPLICATION OF MAGNOLIA PETROLEUM COMPANY FOR PERMISSION TO EFFECT DUAL COMPLETION OF ITS JICARILLA "H" WELL NO. 2, LOCATED IN THE NE/4 NE/4 OF SECTION 2, TOWNSHIP 26 NORTH, RANGE 3 WEST, NMPM, RIO ARriba COUNTY, NEW MEXICO, IN SUCH A MANNER AS TO PERMIT THE PRODUCTION OF GAS FROM AN UNDESIGNATED PICTURED CLIFFS GAS POOL AND TO PERMIT THE PRODUCTION OF GAS FROM THE BLANCO MESAVARDE POOL.

ORDER NO. DC-595

ADMINISTRATIVE ORDER  
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 112-A (c) Magnolia Petroleum Company, made application to the New Mexico Oil Conservation Commission on May 12, 1958, for permission to dually complete its Jicarilla "H" Well No. 2, located in the NE/4 NE/4 of Section 2, Township 26 North, Range 3 West, NMPM, Rio Arriba County, New Mexico, in such a manner as to permit the production of gas from an undesignated Pictured Cliffs Gas Pool and to permit the production of gas from the Blanco Mesaverde Pool.

Now, on this 29th day of May, 1958, the Secretary-Director finds:

- (1) That application has been duly filed under the provisions of Sub-section 'c' of Rule 112-A of the Commission's Rules and Regulations;
- (2) That satisfactory information has been provided that all operators of offset acreage have been duly notified; and
- (3) That no objections have been received within the waiting period as prescribed by said rule.
- (4) That the proposed dual completion will not cause waste nor impair correlative rights.
- (5) That the mechanics of the proposed dual completion are feasible and consonant with good conservation practices.

IT IS THEREFORE ORDERED:

That the applicant herein, Magnolia Petroleum Company, be and the same is hereby authorized to dually complete its Jicarilla "H" Well No. 2, located in the NE/4 NE/4 of Section 2, Township 26 North, Range 3 West, NMPM, Rio Arriba County, New Mexico, in such a manner as to permit the production of gas from an undesignated Pictured Cliffs Gas Pool and to permit the production of gas from the Blanco Mesaverde Pool, through parallel strings of tubing.

PROVIDED HOWEVER, That subject well shall be completed and thereafter produced in such a manner that there will be no commingling within the well-bore, either within or outside the casing, of gas, oil and gas, or oil produced from either or both of the separate strata,

PROVIDED HOWEVER, That prior to the actual dual completion the operator shall make pressure tests of the casing to prove that no casing leaks exist. In the event a casing leak is apparent the operator shall take appropriate steps to adequately repair the leak. The results of these tests shall be reported to the Commission on Form C-103.

PROVIDED FURTHER, That upon the actual dual completion of such subject well applicant shall submit to the appropriate District Office of the Commission copies of Oil Conservation Commission Form C-103, Form C-104, Form C-110, and Form C-122, outlining the information required on these forms by existing Rules and Regulations, and two copies of the electric log of the well.

THE SECRETARY OF THE  
COMMISSION ON THE  
FUTURE OF THE  
NATIONAL DEFENSE  
UNIVERSITY  
WASHINGTON, D.C.  
20540

MEMORANDUM FOR THE SECRETARY  
COMMISSION ON THE FUTURE OF THE  
NATIONAL DEFENSE UNIVERSITY

1. The Commission on the Future of the National Defense University (CDFNU) was established on May 12, 1958, by the National Defense University Act of 1958, Public Law 85-568, 70 Stat. 450. The Commission's mandate is to study and report on the future of the National Defense University and its constituent schools, including the National War College, the National Defense College, and the National Defense Science and Engineering Graduate School.

2. The Commission has received numerous suggestions and recommendations from various sources, including the National Defense University, the Department of Defense, and the public. The Commission has also conducted extensive research and analysis into the current state of the National Defense University and its constituent schools.
3. The Commission has identified several key issues that must be addressed in order to ensure the continued effectiveness and relevance of the National Defense University in the future. These issues include the need for a more integrated and coordinated approach to the education and training of defense personnel, the need for a more flexible and responsive curriculum, and the need for a more efficient and effective management structure.
4. The Commission has developed a series of recommendations designed to address these issues and ensure the continued effectiveness and relevance of the National Defense University in the future. These recommendations include the need for a more integrated and coordinated approach to the education and training of defense personnel, the need for a more flexible and responsive curriculum, and the need for a more efficient and effective management structure.

RECOMMENDATIONS

1. The Commission recommends that the National Defense University be reorganized into a more integrated and coordinated structure. This should be accomplished by the consolidation of the constituent schools into a single entity, the National Defense University, which would be responsible for the education and training of defense personnel at all levels. This reorganization should be completed by the end of 1960.

2. The Commission recommends that the National Defense University be given the authority to develop and implement a more flexible and responsive curriculum. This should be accomplished by the establishment of a National Defense University Council, which would be responsible for the development and implementation of the curriculum. The Council should be composed of representatives from the Department of Defense, the National Defense University, and the public.

3. The Commission recommends that the National Defense University be given the authority to develop and implement a more efficient and effective management structure. This should be accomplished by the establishment of a National Defense University Board of Directors, which would be responsible for the management and administration of the university. The Board should be composed of representatives from the Department of Defense, the National Defense University, and the public.

4. The Commission recommends that the National Defense University be given the authority to develop and implement a more integrated and coordinated approach to the education and training of defense personnel. This should be accomplished by the establishment of a National Defense University Council, which would be responsible for the development and implementation of the curriculum. The Council should be composed of representatives from the Department of Defense, the National Defense University, and the public.

Order No. DC-595

PROVIDED FURTHER. That said subject well for dual completion and production shall be equipped in such a way that reservoir pressures may be determined separately for each of the two specified strata, and further, be equipped with all necessary connections required to permit recording meters to be installed and used at any time as may be required by the Commission or its representatives, in order that natural gas, oil or oil and gas from each separate stratum may be accurately measured and the gas-oil or gas-liquid ratio thereof determined, and

PROVIDED FURTHER. That the operator shall make any and all tests, including segregation and packer-leakage tests upon completion and annually thereafter during the Annual Deliverability Test Period for the Blanco Mesaverde Pool, commencing in the year 1959, and whenever the packer is disturbed, but not excluding any other tests and/or determinations as deemed necessary by the Commission; the original and all subsequent tests shall be witnessed by representatives of offset operators if any there be at their election, and the results of each test, properly attested to by the applicant herein and all witnesses, shall be filed with the Commission within fifteen (15) days after the completion of such tests, and further, that applicant shall file with the Commission in duplicate a packer-setting affidavit, which affidavit shall be due within fifteen (15) days of the dual completion or whenever the packer is disturbed, and

PROVIDED FURTHER. That upon the actual dual completion of such subject well, applicant shall submit to the Commission a diagrammatic sketch of the mechanical installation which was actually used to complete and produce the seal between the strata, and a special report of production, gas-oil ratio or gas-liquid ratio, and reservoir pressure determination for each producing zone or stratum immediately following completion.

IT IS FURTHER ORDERED. That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after proper notice and hearing the Commission may terminate the authority hereby granted and require applicant or its successors and assigns to limit its activities to regular single-zone production in the interests of conservation.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.,  
Secretary-Director
