Dear Mr. Schwenn:

Returned herewith are Forms C-104 and C-110 for subject wells. These forms are obsolete. Please remove all copies of these forms from your supplies.

We have Forms C-104 (1-1-65) for each zone of subject well. We cannot approve the forms until we receive a packer leakage test report in triplicate, and Form C-102, Acreage Dedication Plat, for the Gallup zone. The location of the well does not need to be certified on the acreage dedication plat.

The Gallup completion is an extension to the Largo-Gallup Pool, not the South Blanco Tocito Oil Pool.

If we can be of assistance, please contact us.

Yours very truly

A. R. Kendrick  
Engineer, District #3
