17. Describe Proposed or Completed Operations:

12-26-96 Tests conducted on well indicate marginal improvement, but well has been incapable of producing in excess of 40 MCF/D since casing failure occurred.

We request an extension to test well through July 15, 1997.

Plans will be submitted in June, 1997 to either plug and abandon well or repair casing depending on improvement of well.

Remedial work will be done immediately following the May 1st through July 15th antelope fawning period.

NOTE: The format is issued in lieu of U.S. BLM Form 3160-5
