Mr. Emery C. Arnold
New Mexico Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

Dear Emery:

We are today filing Notice of Intention to Drill with the U.S.G.S. for a location in the Puerto Chiquito Pool, in the SE $\frac{1}{4}$ of Section 6, Twp. 26N, Rge. 1E. Because of terrain, the location is unorthodox, and we propose in the next few weeks to obtain proper waivers from adjoining operators.

We are anxious to move our rig, however, and will commence drilling operations immediately. We understand, of course, that we will not be assigned an allowable until the unorthodox location has been approved. Meanwhile, if one of the representatives of the Conservation Commission could examine this location on the ground, to give us your recommendation, we would appreciate it.

Best wishes,

Albert R. Greer
