(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Due to lack of gas from the Mesaverde, it was isolated from the Dakota with a packer set at 5995' KB. Gas from the Mesaverde was not found to be commercial in this well and the well is under study at this time.

This work was performed by Dugan Production in 1977 and 1978.

18. I hereby certify that the foregoing is true and correct
