Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

18: Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments. (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

indicate which elevation is used as reference (where not otherwise shown) in items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing interval, top(s), bottom(s) and name(s) (if any) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified, showing the additional data pertinent to such interval. For each additional interval, top(s) to be separately produced, submit a separate report (page) on this form, adequately identified, showing the additional data pertinent to such interval.

Item 29: "Sack's Cement". Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool. Each additional interval to be separately produced, showing the additional data pertinent to such interval.

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for Items 22 and 24 above.)
