Dear Mr. Hand:

The casing in the subject well needs to be cemented as we discussed last week in Santa Fe and as required by Rule 107 on pages C-6, 7 & 8.

Also, your wells need signs as required by Rule 103. The signs can be mounted on tank steps or other sturdy places to prevent accidental destruction.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
