Re: Han-San, Inc.

Dear Ernie:

Han-San, Inc. has failed to comply with Rule 1105 in regards to filing electric logs and Form 9-330 showing formation tops for the Grevey #1, E-26-26N-1E. This well was spud on 2-5-77. A notice of intent to plug and abandon was filed 8-28-78. The well has been plugged and abandoned since 1-10-80. I suggest this case be docketed for hearing.

Yours truly,
