(NOTE: Report results of multiple completion or zone change on Form 9-330.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well was originally approved as a Dakota-Gallup dual completion. After logging, it was decided that a Dakota-Mesaverde completion would be more feasible. We request your permission to complete the well as a Dakota-Mesaverde dual. All other procedures will remain the same.
