17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Mobil Oil requests flaring of produced gas for 45 days starting October 17, 1987. Last day of flaring associated with completion work is October 16, 1987. Additional time is necessary to further monitor and evaluated production. Additionally, the gas sales contract is still in negotiation and hopefully will be finalized within the 45 days.

This verifies the verbal request made to and approved by Mr. Ken Townsend of the Farmington BLM office on the morning of October 15, 1987.
