Fracture Treat <input type="checkbox"/> Multiple Complete <input type="checkbox"/>	
Shoot Or Acidize <input type="checkbox"/> Abandon <input type="checkbox"/>	
Repair Well <input type="checkbox"/> Change Plans <input type="checkbox"/>	
(Other) Clarification of remedial cementing <input checked="" type="checkbox"/>	
17. Describe Proposed Or Completed Operations	

The Sundry Notice bearing the drilling program for this well was approved with the statement "If remedial cementing is necessary, it will be done before rig is released".

This has been clarified by telephone with Steve Mason to mean that the work must be done before the well is completed, that is before the completion rig is moved off location. The drilling rig may be released at the normal time.
