

ALLOWABLE

New Well  
Recompletion

This form is to be filled out by the operator before a well is drilled or recompleted to any completed Oil or Gas well. Form O-104 is to be filled out by the operator before a well is drilled or recompleted to an existing well. The allowance will be paid on the basis of the amount of oil or gas produced from the well during the calendar month of completion of the well. The completion of a well is defined as the date when new oil is delivered into the formation from the well. The completion of a well is reported on Form O-104.
