Re: Ladd Petroleum Corporation  
Lindrith #24  
F-4-26N-4W

Dear Mr. Kendrick:

Pursuant to Mr. Clyde Phillips telephone call to you, we are requesting a re-test on the packer-leakage test for the above captioned well. We are also asking that the test be made through the sales line and not blown to the atmosphere.

Please advise us of your decision on whether or not we can schedule a re-test on this well.

Sincerely,

  
Thomas A. Dugan
