Re: Santa Fe 078154
Well #1 Ross

Dear Sir:

We are submitting herewith Form 9-331 A (Sentry Notice) covering the "Intent To Abandon" and the "Subsequent Report of Abandonment" of the Ross #1 Well, located in the NE NE Section 25-T23N-R1W, San Juan County, New Mexico. This is in response to your request of November 27, 1957.

Also attached is Form 9-330 (Log of Oil or Gas Well) and the supporting Electric Log and Completion Report for the above Well.

In looking through our files, we found where we had submitted "Subsequent Report of Abandonment" in December of 1956, but the approved copy of this report was returned from the New Mexico Oil Conservation Commission rather than from your Office. That probably explains the reason you did not have record of it.

It is hoped that there have been no more over-sights and that these reports will bring us up to date.

Very truly yours,

THE BRITISH-AMERICAN OIL PRODUCING COMPANY

Re: Santa Fe
Well #1
Box 905

Dear Sir:

We are submitting herewith Form 9-321 A (Monthly Report) covering the "Instant to Abandon" and the "Subsequent Report of Abandonment" of the Rose #1 Well, located in the NW 1/4 Section 25-12N-81W, San Juan County, New Mexico. This is in response to your request of November 27, 1934.

Also attached is Form 9-320 (Log of Oil or Gas Well) and the supporting Electric Log and Completion Report for the above well.

In looking through our files, we found there was no submitted "Subsequent Report of Abandonment" in December of 1934, but the approved copy of this report was returned from the New Mexico Oil Conservation Commission rather than from your office. That probably explains the reason you did not have record of it.

It is hoped that there have been no more over-sights and that these reports will bring us up to date.

Very truly yours,

THE NEW MEXICO OIL PRODUCING COMPANY
