Basin Dakota Pool

Dear Sir:

New Mexico Oil Conservation Commission form C-104 on file for the two wells on the above lease authorized Transwestern Tankers to haul your oil. Although you have not indicated an oil transporter on your C-115, Operator's Monthly Report, we have determined from the monthly transporters report filed by Graves Oil Company that they are the transporter although they have not been legally authorized. Will you please file five copies of form C-104 for each of these wells authorizing Graves Oil Company as transporter.

Yours very truly,

Emery C. Arnold
