Re: Sunray Mid-Continent Oil Company  
Gas Injection Project  
Bisti-Lower Gallup Oil Pool  
San Juan County, New Mexico

*From  
well transferred  
for injection from  
6-18-25-12*

Gentlemen:

Pursuant to Rule 8, Order No. R-1315, Sunray Mid-Continent Oil Company respectfully requests that its New Mexico Federal "C" Well No. 4 be authorized as a "Transfer Well", and that the established potential of the New Mexico Federal "C" Well No. 18, an approved gas injection well, be transferred to it according to the following schedule:

Well No.	Current Allow.	Test Capability	Allowable Trans.		Requested Allowable
			From	To	
18	59	18	18	-	0
4	104	218	-	18	122

Attached hereto is Form C-116, which reports the 72 hour test conducted in compliance with Rule 7, Order No. R-1315 after due notice to the New Mexico Oil Conservation Commission and all offset operators, and which establishes the transferable potential of Well No. 18 at 18 barrels per day. Also attached is a plat showing the project area and the wells effected by this application.

The only offset operator to the "proration unit" of the "Transfer Well" is Phillips Petroleum Company. They are being furnished with a copy of this application and being requested to waive objection in order that approval may be granted as soon as possible.

Yours very truly,

SUNRAY MID-CONTINENT OIL COMPANY
