13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Redwolf Production, Inc. cleaned out and reperforated the subject well. After encouraging gas shows, we are placing the well on beam lift. We currently have a rig on location to install a downhole pump and rods. We intend to return this well to production as soon as a sales meter is set. We anticipate sales in September of this year, and will forward a sundry when gas sales commence.
