

SURFACE USE AND OPERATIONS PLAN

Crow Mesa #1

1. Existing roads -- see accompanying Topo of scaled map.
2. Planned access roads -- presently existing road crosses edge of proposed location -- see map.
3. Location of existing wells -- see accompanying Topo map.
4. Location of tank batteries -- on drilling pad.
5. Location of water supply -- Beeco Camp water well.
6. No construction materials needed.
7. Waste disposal -- waste materials will be buried in an earthen pit and covered.
8. No ancillary facilities required.
9. Wellsite layout -- see accompanying layout.
10. Restoration of surface -- surface is flat and will be reseeded upon completion of well.
11. Other information -- surface is flat with small sage brush and sparse grass.
12. Robert L. Bayless, 205 Petroleum Center Bldg., Farmington, New Mexico (505) 325-5093.
13. I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route; that I am familiar with the statements made in this plan are, to the best of my knowledge, true and correct; and, that the work associated with the operations proposed herein will be performed by Merrion & Bayless and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.
