Gentlemen:

Reference is made to your well number 1 Federal 18, NE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 18, T. 25 N., R. 12 W., Lease No. NM-25446, San Juan County, New Mexico. A review of our records indicates that the subject well was completed in the Farmington Formation with casing run to the Chacra Formation without any plugs run over the lower zones.

You are required to submit a plugging program for the lower zones. It will be agreeable with us to postpone implementation of this plugging program until a later date when the tubular goods must be pulled from the hole for a workover job.

Sincerely yours,

James F. Sims
District Oil and Gas Supervisor
