Subject: NM 25447, NM 25452  
Hixon Federal Well No. 19-4

Dear Mr. Becher:

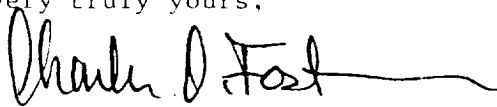

Per your request to our Mr. Al Kuchera, I am providing you with information regarding the status of our Hixon Federal Well No. 19-4 located on Lease NM 25447.

As you are aware, Hixon Development Company is in the process of gaining reinstatement of the above captioned leases that were terminated because of failure to pay delay rentals.

In talking to Martha Rivera at the BLM in Santa Fe, she reports that all the necessary documents required by her office to reinstate our leases have been received and that reinstatement should occur approximately June 1, 1984.

At that time, Hixon Development Company will continue completion operations of our Federal 19-4 Well.

Very truly yours,

Charles O. Foster  
Petroleum Landman
