OIL CON. DIV.
DIST. 3

5. REASON FOR APPLICATION: This request is made to allow continued periodic
production for testing purposes pending permanent gas connection. After
months of delays, Northwest Pipeline is in the final stages of completing
the Application for Right-of-Way necessary to cross the Navajo Allotted
Lands in order to hook up to an El Paso Natural Gas line. The application

Will be submitted in approximately two weeks to the B.I.A. The B.I.A. has a reputation of taking 3 months to a year to approve said application. The Warito No. 1 is a Gallup/Dakota oil well which was completed on June 8th, 1982.

Additionally, we are evaluating further drilling in the immediate area. Production data from the Warito is essential to our evaluation of economics in the area.

EXPECTED HOOK UP DATE: April 1st, 1983 to January 6th, 1984.
