13. Describe Proposed or Completed Operations (Clearly state all pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Central Resources, Inc. does not plan to plug and abandon this wellbore. The original lease was cancelled, but Central Resources, Inc. was the successful bidder in the 7/16/97 auction to purchase this lease. It was lease lot number 011243 in Navajo Allotted Oil & Gas Lease Sale No. 122. We are currently waiting for the lease to be issued. We understand that all allottees must agree to the terms of the lease before it is issued. After the lease has been issued, we plan to deepen the well to the Dakota formation. When these plans have been finalized, we will submit the proper paperwork.
