Re: A.P. Hixon Com Well No. 1E
Sec. 21, T25N, R11W
San Juan County, NM

Dear Dorothy:

Enclosed please find a Form C-104 on the subject well. Per our conversation, NMOCD is requiring a Form C-104 on this well for the Basin Dakota formation since one was not provided in 1984 when the well was first drilled. If the Reason for Filing Code, in section 3 of the Form C-104, is not correct please let know what it should be.

Please note the A.P. Hixon was producing from the Bisti Lower Gallup formation from 10/84 through 11/95. In 11/95 the well began producing from the Basin Dakota formation. The well was never commingled.

If you have any questions please call me.

Sincerely,
CENTRAL RESOURCES, INC.
