(Note: Report results of multiple completion on Completion or Recompletion Report and Log form.)

13. Describe Proposed or completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas took over operation of the subject well from Berenergy on July 1, 1998. We received the well files July 16, 1998 along with correspondence indicating that there is an August 7, 1998 deadline to submit a procedure to your office for a casing repair or P&A for this well. We request an extension of this deadline to November 9, 1998 so that we may determine the best course of action.
