13. Describe Proposed or Completed Operations (Clearly state all pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Central Resources, Inc. requests a final extension of 30 days in which to complete our evaluation of the subject well. Central Resources, Inc. recently stimulated a similar well and is waiting on results. Production on the well has been hampered by high and inconsistent sales lines pressures, so production increases are still not known. We will submit our plans to return the well to production or plug and abandon the well by August 1, 1997.

14. I hereby certify that the foregoing is true and correct
