Dear Dorothy:

The above referenced well was plugged and abandoned, after twisting off of the drill pipe, before total depth was reached. Because drill pipe was left in the hole, the running of wireline logs was not practical. In addition, drill cuttings were not caught; therefore, sample tops cannot be estimated.

If you need any other information regarding this well, please do not hesitate to contact me.

Sincerely,

GIANT EXPLORATION & PRODUCTION COMPANY

John C. Corbett
Vice President
