Attn: Mr. George E. Farmer
Production Manager

Dear Sir:

We are returning two copies of Federal Notice of Intention to Drill which were filed on your #1-22 NCRA well located in the NW $\frac{1}{4}$ Section 22-26N-7W.

New Mexico Oil Conservation Commission regulations require that the Pictured Cliffs Formation in this area be covered with cement. Will you please amend your Notice to indicate that you will stage-cement the Pictured Cliffs. The amount of cement to be used on the 5 $\frac{1}{2}$ " production casing should also be indicated.

Yours very truly
