Gentlemen:

You have received two 1958 annual deliverability tests for each zone of our dually completed Jicarilla "G" No. 3, Sec. 35, T27N, R3W. The latest tests (flow period 12-15-58 to 12-22-58) were retests and were run to take advantage of a regular unloading schedule which we felt would improve our deliverabilities over the first tests.

Please accept the latest tests as our 1958 annual tests for this well.

Yours very truly,

MAGNOLIA PETROLEUM COMPANY
