Att: Mr. Tom Dugan

Dear Mr. Dugan:

By this letter we are granting tentative approval for dual completion of the above well in the Pictured Cliffs and Mesaverde formations, as set out in your application of September 5, 1956.

Upon final completion application for Administrative Approval should be made to Mr. A.L. Porter. At that time you should also submit a schematic diagram of the equipment used and a plat showing offset ownership. You should also indicate that the offset owners have been notified.

Yours very truly

Emery C. Arnold
Supervisor, District #3
